Dy. No. 2046 / 2018-RTI  
30/5/18

DATED 16/05/2018

Dear respected sir

This is a request to take a step against Ghaziabad steel authority of india office and NSIC Ghaziabad. witch took an action for the distribution of wire rod. Ghaziabad Sail office has desided not to collect wire rod in Ghaziabad depo. they ask to order minimum a 60 mt bagon. which is allmost impossible for small scale industries. We require small quantity as per daily requirement according to the financial and market order requirement. NSIC says that they dont have a proper godown for collecting wire rod so they are unable to help us.

Being a small scale industrialist with a low financial status how can we manage and sought out this problem.

PLEASE TAKE QUICK AND FAST ACTION TOWARD IT TO MAKE SMALL SCALE INDUSTRIES SURVIVE .

RTI NO. 45F 628452

THANKS

SMALL SCALE UDHMI
