Sub: Request for information under RTI Act.

Dear Sir,

Regarding registration under Single Point Registration Scheme, I request you to provide following information under RTI Act:

1. If manufacturing premises is situated at a disputed property, whether registration can be granted by NSIC at disputed premises.
2. If applicant is showing manufacturing premises on rent basis and on the same premises another tenant is having Court Order granting stay in his favour for entire premises, whether registration can be granted by NSIC knowing that stay order is in favour of another tenant.
3. If electric connection is neither in the name of owner of the manufacturing premises nor in the name of applicant tenant, whether registration can be granted by NSIC merely on the basis of one affidavit only.
4. Whether requirement of submission of purchase bills of plant and machineries by the applicant is mandatory or not. If somebody, other than applicant, is claiming ownership of those plant & machineries and challenging the affidavit submitted by the applicant, what are the steps to be taken by the NSIC as per rules.
5. If total area of tenanted manufacturing premises as shown in the rent agreement is much less than shown in the license issued by the concerned Municipal Corporation, whether NSIC will consider the area as shown in the rent agreement and will ignore the area shown in the license of Municipal Corporation.
6. For the item Footwears and Rubber Products (which can be manufactured only with the help of power operated machines and boiler and vulcaniser) whether fire license and NOC from concerned Pollution Control Board is required or not.

Rajesh

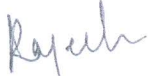

7. After getting registration from NSIC under Single Point Registration Scheme, if registration certificate holding firm sold out all the plant and machineries without intimating NSIC and apply for renewal and these facts are brought to the notice of NSIC by somebody in writing with evidence, whether renewal application can be accepted by NSIC.
8. If any of the information furnished by the applicant firm is found/proved to be false and/or fabricated at later stage, what is the rule of NSIC in that case?

I request you to provide above information under RTI Act as the same are very much important in the Public Interest as one of the certificate holding firm is taking undue advantage of NSIC registration under Single Point Registration Scheme.

As per RTI Act rules, I am enclosing herewith IPO No. 07F 673981 for Rs. 10/-. If any further fee is required to be paid, I will remit the same immediately on hearing from your end.

Thanking you.

Yours faithfully,

(Rajesh Mandawewala)

Encl: IPO of Rs. 10/-
