IPE GLOBAL LTD	This is new application that needs to be developed from scratch wherein a specific branch shall bid for a tender and get approval from competent authority. The BID will be displayed as a line item, other branches can also see the details. This will help in eliminating the duplicate submission by various branches for the same tender. Please clarify if this is correct understanding	NO SPRS is developed whereas Tender Marketing is needed to be developed
Interlace India Private Limited	Student Training Module - For training the fees is paid in advance, what about the cancellation policy.	For the drop out cases, fee is refunded to the eligible candidates as per rule after deducting GST amount.
IPE GLOBAL LTD	This module is primarily for student registration, admission, certification and tracking the revenue generated from the students, branches and through the franchisee's. Please clarify if this is the correct understanding of this module	Yes, the online database is also used for generating reports, online verification of trainees details and certificate issued thereof and post training status.
Interlace India Private Limited	Will you provide API service Legal Information management and brief system (LIMBS)?	NSIC will Confirm from Ministry of LAW
ABM Knowledgeware Limited	Can you brief us each functionalities of below modules - PRISM	PRISM Software is currently being used for processing cases of participation of MSMEs in Domestic Exhibitions. The modus operandi is as follows: NSIC field offices enter the event details and unit details in the software along with other requisite documents and generate "Annexure-D" (prescribed format for sending proposals to Head Office). The print out of Annexure-D is taken and signed by Branch Head & Accounts Head and then uploaded again. It is then visible at the Zonal Level. The Zonal Head then takes the printout and uploads the Annexure-D after signing the same. The proposal is then visible at Head Office level (Annexure-D & requisite documents). At Head Office level, the printout is taken and the proposal is processed manually.
