Energy Audit

NSIC – Technical Services Center at Rajkot, Gujarat offering the following testing facilities to industry through Energy Audit:-

NSIC Technical Services Centre Rajkot is a most credible organization in the field of Energy Audit **since last 20 years authorized by Govt. of Gujarat**. We are carrying out the Energy Audit as per the guideline of Bureau of Energy Efficiency, Ministry of Power for the benefit of industries. Being Public Sector Company we are maintaining highest quality services at nominal charges.

NSIC Technical Services Centre , Rajkot is approved by Commissioner of Electricity, Gandhinagar for Energy audit of Industries and Commercial Buildings

An Energy Audit is an inspection, survey and analysis of energy flows in any system to reduce the amount of energy input into the system without negatively affecting the output

“The judicious and effective use of energy to maximize profit (minimize cost) and enhance competitive positions “.

Need of Energy Audit:

Most of the industries waste huge amounts of energy, without realizing it. An Energy Audit reveals how and where energy is wasted, and methods for reducing energy waste and overall energy consumption.

Types of Energy Audit:

Preliminary Energy Audit .

Detailed Energy Audit.
