

LIST OF REQUESTED ITEMS AND DESCRIPTION FROM RUSSIAN SMES (Annexure- A)

Sl. No.	Customer category (retail chain / manufacturing company)	Country (of the customer)	Delivery region (subject of the Russian Federation)	Type of purchased product or service / Category / product	Description of the product or service / product / comments	Minimum requirements for purchased goods (works, services) / products	Unit of measurement	Planned volume of products for purchase	Technical information about the products	Comment
1	Food producing company	Russia	Stavropol region	Food products	Food additives and spices for sausage production					regular purchases
2	Manufacturing company	Russia	Tula region	Electrics and electronics	Programmable interactive display	analogue of Siemens TP1200 HMI (for the control system of the hot-dip galvanizing furnace)	quantity		yes	regular purchases
3	Manufacturing company	Russia	Tula region	Electrics and electronics	Geat motor Gearbox PD22-80M4C	Gear motor - analogue of Gearbox PD22-80M4C Type PD (Size 22 Ratio 26,81 with motor Trifaze AC)	quantity		yes	regular purchases
4	Manufacturing company	Russia	Tula region	Electrics and electronics	Asynchronous three-phase electric motor	380в 50Гц 2,5кВт 2920об/мин	quantity	2	yes	regular purchases
5	Manufacturing company	Russia	Tula region	Electrics and electronics	Electromagnetic brake Tempority GSBT-K6-100	Electromagnetic brake Tempority - analogue of Tempority GSBT-K6-100 (60 Nm 100vf)	quantity	2	yes	regular purchases

6	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	quiet and compact horizontal end-suction pumps. The modular pump design makes it easy to make customised solutions. The pumps are available in cast iron and stainless steel.	analogue of Grundfos CM-10-3	quantity	2	yes	regular purchases
7	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	quiet and compact horizontal end-suction pumps. The modular pump design makes it easy to make customised solutions. The pumps are available in cast iron and stainless steel.	analogue Grundfos CM-1-3	quantity	2	yes	regular purchases
8	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	quiet and compact horizontal end-suction pumps. The modular pump design makes it easy to make	analogue Grundfos CN-5-24	quantity	1	yes	regular purchases

					customised solutions. The pumps are available in cast iron and stainless steel.					
9	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	quiet and compact horizontal end-suction pumps. The modular pump design makes it easy to make customised solutions. The pumps are available in cast iron and stainless steel.	analogue Grundfos CN-10-20	quantity	1	yes	regular purchases
10	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	polypropylene pneumatic diaphragm pump and spare parts	analogue of Sandpaiper S1FB3P1PPUS000 25mm (Alkali-resistant pump, t= 20-40°C)	quantity		yes	regular purchases
11	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	polypropylene pneumatic diaphragm pump and spare parts	analogue of Sandpaiper S15B3P1PPDS000 38mm (Alkali-resistant pump, t= 20-40°C)	quantity		yes	regular purchases

12	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	polypropylene pneumatic diaphragm pump and spare parts	analogue of S20B1S1SABS000 51 mm (Alkali-resistant pump, t= 70-90°C)	quantity		yes	regular purchases
13	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	polypropylene pneumatic diaphragm pump and spare parts	analogue of S30B1S1SABS00076 mm Alkali-resistant pump, t= 70-90°C)	quantity		yes	regular purchases
14	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	Pneumatic diaphragm pump and spare parts	analogue of Jofee MK 40PP-PP/ST/ST/PP-T acid-alkali-resistant pump t=20-40°C	quantity		yes	regular purchases
15	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	(AODD) Air Operated Double Diaphragm and (EODD) Electrically Operated Double Diaphragm Pumps and spare parts	analogue of Dellmeco DM 40/315 PTT. Alkali-resistant pump, t up to 50 °C	quantity		yes	regular purchases
16	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	(AODD) Air Operated Double Diaphragm and (EODD) Electrically Operated Double Diaphragm Pumps and spare parts	analogue of Dellmeco DM 10/25 TTT, Acid-resistant pump	quantity		yes	regular purchases
17	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	Filter-press Diaphragm Pumps and spare parts	analogue of Tapflo TF 100 PTT, Alkali-resistant pump	quantity		yes	regular purchases

18	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	Chemical Dosing Pumps and spare parts	analogue of Etatron BT-DLX-MA/AD20-3 230 V	quantity		yes	regular purchases
19	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	Chemical Dosing Pumps and spare parts	analogue of Etatron BT-MA/M 50-230 V	quantity		yes	regular purchases
20	Manufacturing company	Russia	Tula region	Spare parts, components, aggregates	Chemical Dosing Pumps and spare parts	analogue of Etatron HF-MA 100-2 230 V	quantity		yes	regular purchases
21	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Polyester Yarn	analogue of TENSILE STRENGTH CV VALUE, 4% BREAKING ELONGATION, 20%	kg	6000	yes	regular purchases
22	Manufacturing company	Russia	Tula region	Raw materials and materials for production	textile auxiliaries	4 dyeing resistance, low peeling of the finished cloth	kg	90000	yes	regular purchases
23	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Dye	dyeing resistance 4	kg	90000	yes	regular purchases
24	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Polyester thread	TENSILE STRENGTH CV VALUE, 4%BREAKING ELONGATION, 20%	kg	94000	yes	regular purchases
25	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Thread Elastomeric	Elastomeric thread	kg	5000	yes	regular purchases

26	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Spare parts for circular knitting machines: shafts, tanks, gears, belts, drive systems, motors, control panel, ceramic plugs	suitable for circular knitting machines	quantity	500	yes	regular purchases
27	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Needles and platinum for circular knitting machines	high wear resistance	quantity	5000	yes	regular purchases
28	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Semi Gloss (semi-gloss coated self-adhesive paper)		m2	50000	yes	regular purchases
29	Manufacturing company	Russia	Tula region	Raw materials and materials for production	PP TOP White (White polypropylene film, the material is designed for rigid packaging, for example, for cosmetic and toilet products, household chemicals, etc. Advertising labels and stickers)		m2	30000	yes	regular purchases

30	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Thermal TOP (Thermal labels TOP (TOP) made of matte white highly sensitive thermal paper with a protective coating. Designed for printing on thermal printers and scales. They are suitable for labeling products with labels with barcodes and price tags when good resistance to contamination is required. Goods undergoing freezing, as well as marking of goods, and goods subjected to low storage temperatures)		m2	5000	yes	regular purchases
----	-----------------------	--------	-------------	--	--	--	----	------	-----	-------------------

31	Manufacturing company	Russia	Tula region	Raw materials and materials for production	Thermal Eco (Thermosensitive Thermal ECO paper. This is an inexpensive material designed for use in a non-aggressive environment with a low level of humidity. Stickers made of such paper are intended for short-term application)		m2	30000	yes	regular purchases
